Yannick,

Just wanted you to know what a terrific job Geraldine did. She is a good  
resource for you.

Richard and I spent the afternoon with her yesterday, and she provided a  
wonderful walking tour. Informative, historic, friendly - exactly what we were  
looking for. We enjoyed the afternoon very much.

We will, of course, keep you in mind for future visits, and will also share your  
name with our friends.

Enjoy your holidays.

Brook & Richard Dykes

Lois, we just left Burgundy and our guide, companion for the last few days, and new friend. As you know, we have had a few virtuoso guides (and yannick treffot is virtuoso as well) but Yannick was superior in every way. And our other guides were very good! I cannot say enough about him. I will elaborate upon our return, but while I was thinking about it, wanted you to know you can recommend him to all your virtuoso and others without reservation. Best, Leslie and Pat

Bonjour, Yannick -  
Just wanted to thank you for all your work. The dinner with Jean-Claude, wine and olive oil tastings, and the ochre mine were all fantastic experiences. Thank you for your expertise and we enjoyed the company of you and your wife at dinner. Taya and I had a great time. We wish we were still in Provence and we're already looking forward to our next vacation in France. Hopefully we can meet up again.  
Enjoy the rest of your summer and make sure to send pictures of the baby.

Dear Leticia & Yannick --

Thank you for making our trip to Loire so special!

Both of you could not have done more to make us feel taken care of! It was not the trip we planned with you -- but weather is out of anyone's control. You managed to turn it into a great vacation for us!

This trip was a very special "introduction to the world" for my sister & Paul, as well as good bonding time for the four of us. Another benefit for us was spending the additional time with you -- though I know it was hard work for you (and more fun for us!).

The pictures made us smile -- a nice memory. You even made it look sunnier than I remember!

You should feel a great sense of accomplishment for turning our trip into such a positive experience -- given the uncontrollable circumstances!

And the mission was very successful -- Cathy & Paul are planning to make another trip, and Larry & I spoke this morning about your ideas for the south of France next year!

We are so happy for you both! -- and hope your expanding family and closer proximity, for part of the year, will mean that we can see you more!

Thank you again! XO Robert

You beat us to the punch!

Yannick and Leti,

Thank you, as always, for making our trip to the Loire Valley with Cathy and Paul so much fun and memorable. Despite the rain, we all had a blast and thoroughly enjoyed our time spent with you both.

I'm sure we will all be sending pics and videos once the work "dust" settles. I'm off to Florida this weekend and Cathy/Paul just returned from London. Vacation already seems like a dream.

Hope your last trip with the CEOs in the Loire Valley went well. Yannick, take care of that knee and Leti, don't let Yannick make you lug heavy objects!

Gros, gros bisous,

Larry

Hi Yannick

Just got your pictures of Piemonte from Marla and they are really great. We certainly had a good trip under your watch and look forward to future events.

Brenda's wrist is healing well but it kept her from doing many things that she normally would so at this time of year.

We talked about you putting together a pallet of wine to ship to Canada. How should we get this started? Would you like to offer some suggestions or do you need some input from our side? Can you mix countries / regions or is it easier to stick to one region at a time?

Let me know your thoughts.

Have a great Christmas holiday.

Best regards,

Mike

Bonjour Yannick,

I'm sorry that I am late returning your messages. Upon my return from our trip I had knee replacement surgery and my life has been filled with healing and rehab. I am now on the road to recovery and the new knee is behaving.

I notified Amex immediately upon our return of your good work. Please do not hesitate to use me as a reference.

If there is someone in particular that you want me to contact please advise.

Lastly, we are still waiting for our wine. Could you please look into its arrival?

I hope you are well.

Hello Yannick,

Thanks for the great, fun and informative day we spent with you. I know you left a message on my cell phone for Chablis, but for some reason I did not receive it till 5 days later. Obviously we were home already. I know you tried. We did drive by Chablis, it was after 14h30, no restaurant would serve us lunch, so we left and did not spend much time.

I have to say the world is small. We were having dinner with some friends two nights ago. We talked about our trip and our time with you, we mentioned the name of your client, and guess what their children are best friends from school, and parents know each other pretty well.

Hope everything is well with you and your family. Please give us a call when you come to LA.

Regards  
Debbie and Brian Lewis
